

The Warm Hearth Fund

The Warm Hearth Fund was established by Bob Stecker and Joan McKirachan in memory of Joan's husband, the Rev. Fred McKirachan, who was a firm believer in the personal growth component of professional development. The Warm Hearth Fund is accessible to all HAMFT members, including students, whose application for assistance needs meets the following criteria:

1. The scholarship is applied toward expenses for attendance at a professional development experience.
2. The applicant manages whatever expenses they are able to pay and requests a Warm Hearth Scholarship to supplement that cost
3. The applicant agrees to write, following attendance at the professional development experience, a brief description of the workshop and the meaning that it had for the participant, and offer the description for inclusion in the HAMFT Newsletter.

APPLICATION

Applicant Name:
